### 5 Colophon

### 32 Infographics

Facts and figures

### 44 Wall of Fame

Elektor's partners in the electronics industry

### 50 Contributors / Next Edition

## Articles

### 6 Moving Maintenance from Preventative to Predictive with ML

How Machine Learning Is Changing Maintenance Regimens

### 12 Free LoRa Development Kits

Get Started with Low-Power Data Transmission

### 14 Four Groundbreaking Sensor Innovations

Finalists for the AMA Association for Sensors and Measurement Innovation Award 2021

### 16 Test & Measurement Solutions for Power Electronics Design

### 18 MCU Machine Learning With Edge Impulse

An Intuitive SDK for tinyML

### 25 The Technical Evolution of Sensors

Diverse Sensors for Diverse Applications

### 28 MEMS Sensor Modules with Integrated Algorithms

Usage-Ready Values

### 30 The Digital Ergonomics Is Here!

### 34 Distortion Measurement at 10 MHz

Using Filters and a Spectrum Analyzer

### 38 Smart Test and Programming Device for IO-Link Sensors

### 40 Review

Joy-IT PSG9080 DDS Function Generator

### 43 CAN FD Connection via Ethernet

### 46 High-Performance Handheld Microwave Analyzer

New Keysight FieldFox Microwave Analyzer Supports Extended Frequency Range Up to 54 GHz

## Elektor Industry

Edition 2/2021  
Sensors & Measurement  
© 2021  
www.elektormagazine.com

Elektor Industry, English edition, will be published three times in 2021.

## Mission

Elektor Industry offers electronics engineers, innovators, and start-up companies essential information and insights into the latest products, research and intelligence from the industry.

## Distribution and Supply

Elektor Industry appears synchronously in English and German and is supplied free to select Elektor Magazine Gold members in print, and to Elektor Green members as a PDF download. The magazine

is also distributed for free at select trade shows including productronica (Munich), electronica (Munich), and Embedded World (Nuremberg).
