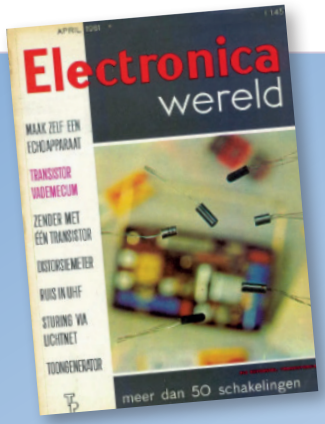
THIS EDITION

60 Years of Electronics and Elektor

Tubes, AI and Everything in Between



1961

2021

7

Regulars

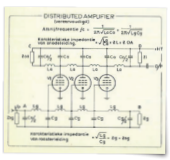
6 **Colophon / Next Editions**

90 **New products from the Elektor Store**

138 **Elektor Featured on The Creative Minds Podcast**

60 Years of Electronics and Elektor

The 1960s



8 **Enter: Solid-State Electronics**

14 **The Transition from Tubes to Transistors in Dutch Higher Education**

20 **Tubes to Transistors**

The 1970s

26 **The Micro Movement**

30 **The Birth of the Microprocessor**
The Intel 4004

33 **Elektor in the 1970s and Beyond**
Q&A with Karel Walraven

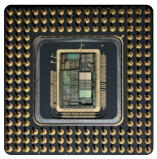
The 1980s

36 **A Computing Revolution**

40 **The Battle of 8-Bit Home Computers**

44 **Audio Electronics in the 1980s**
Jan Didden on Audio, Engineering, and Elektor

The 1990s

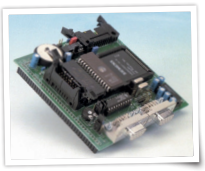


50 **Digitization in the 1990s**

56 **Web 1.0: Welcome to the Internet**
Computers Get Connected

60 **Engineering in the 1990s**
Martin Jepkens on '90s-Era Tech and More

The 2000s



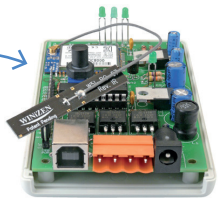
62 **Microcontrollers for Everyone**

66 **Microcontrollers Take the Stage**

70 **The Microcontroller Boom**
From 8 to 32 Bits in a Decade

74 **The Rise of Arduino**
An Interview with David Cuartielles

The 2010s



78 **The 2010s and Beyond: The IoT Explosion**

82 **The Past, Present, and Future of the Internet of Things**

86 **A Decade of Raspberry Pi**
Eben Upton on the Past, Present, and Future

60 years young

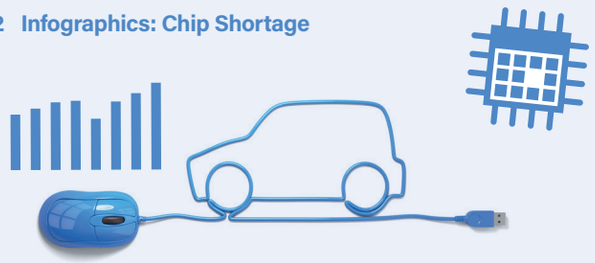
productronica 2021 Special

92 Waiting for Chips
The Crisis Continues

97 Electronics Manufacturing Simplified
Felix Plitzko on Making Hardware "Less Hard"

100 productronica 2021 and the Future of Electronics Production
An Interview with Barbara Müller

102 Infographics: Chip Shortage



104 Understanding Power Conversion and the Popular Topologies

108 Innovative Solder Wires
Heading for the Future at High Speed

110 EMC and Efficiency Optimization of High Power DC/DC Converters

114 Research Resolves One Issue, Opens New Opportunities
A Versatile New Flux Platform

117 eloprint Introduces a New Generation of Test Fixtures

118 Specialists for Embedded MP3 Modules, Embedded Technologies, and the Development of Customized Electronics

The World Ethical Electronics Forum

120 Ethical Electronics Companies and People to Watch in 2022

126 World Ethical Electronics Forum 2021
The Electronics Industry and Its Ethical Commitment

129 Ethics in Electronics: What Is Your Opinion?

130 Climate Neutral in 2021, Every Year Counts!
Interview with Frank Riemenschneider (SEGGER)

134 The European Green Deal
Batteries Included

136 Sustainable Development Goals
